

PEER ASSISTED STUDY SESSIONS

PASS gives students the opportunity to grasp unit content by working collaboratively with other students.

Features of PASS sessions:

- They complement subject lectures and tutorials.
- They are led by current senior high achieving students.
- They are designed to help all students.
- They help students with their study time: 1x1 hour Pass session has shown to be as effective as 2 hours of study time at home!
- They are voluntary and require no registration.
- They start from week 2 and run until week 10.

PASS is offered in the following subjects in T2 2022:

- MULT1015 - Applications in Context
- JALE1044 - Foundations of Justice
- COUN1221 - Mental Health and Wellness
- PSYC1042 - Psychology: History, Science & Application 1
- PSYC1052 - Foundational Psychological Processes
- PSYC2102 - Psychology: History, Science & Application 2
- PSYC5162 - Psychology: History, Science & Application 1 Advanced
- PSYC5172 - Foundational Psychological Processes Advanced
- PSYC5252 - Psychology: History, Science & Application 2 Advanced
