Writing a pre-proposal: Getting your ideas together

Answer the following questions about your research project and then seek feedback on the clarity of your ideas.

1. What is your research topic / research question / hypothesis?

_______________________________________________________________________
_______________________________________________________________________
_______________________________________________________________________
_______________________________________________________________________
_______________________________________________________________________

2. What will you spend most of your research doing?

_______________________________________________________________________
_______________________________________________________________________
_______________________________________________________________________
_______________________________________________________________________
_______________________________________________________________________

3. What is the importance or significance of the study? Why would people be interested in this?

_______________________________________________________________________
_______________________________________________________________________
_______________________________________________________________________
_______________________________________________________________________
_______________________________________________________________________
4. How do you know your research project is worth doing?

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

5. How do you propose to investigate the research question or hypothesis? What is your proposed methodology?

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

6. What evidence can you provide in your research proposal that this project can be completed within the timeframe?
